

MICHAEL R. HEILMAN

Michael leads UHY Consulting's Business Process Optimization (BPO) team, as part of the practice's Transformation Solutions group, providing strategic planning, portfolio, program, and project management services; software selection services; and operational and financial process optimization services to client companies. He is an accomplished program manager, systems manager, and Six Sigma process design expert with extensive experience managing Procure-to-Pay SAP implementations globally (90+ countries) and transactional and manufacturing process improvements in the hospitality, beverage and chemical industries.

PROFESSIONAL EXPERIENCE:

- Process Improvement expert with extensive experience managing information technology implementations, transactional and manufacturing process improvements, and new product development in the beverage and chemical industries.
- Successful in turning around organizations, systems, and processes by balancing the needs of senior management, operational management and end users.
- Develop strong teams by providing support and setting clear expectations that lead to comprehensive execution.
- Respected by a wide range of functional groups from technicians to chief executives.
