Kane has over 22 years experience in delivering high value integrated solutions globally, and leading consulting and business process services engagements. Career achievements in building new lines of business from the ground up as well as reinvent organizations to be more competitive within the marketplace by deploying cutting edge technology, robust processes and creating a center of excellence.

Kane is the national practice leader for UHY Advisors' Client Accounting Advisory Service (CAAS). The UHY CAAS mission is to provide high value solutions and exceptional customer service to clients by allowing client management additional time to run their enterprise.

The CAAS practice leverages automation and innovations through enhanced technology stacks to provide comprehensive solutions to our clients.

Our team will take a collaborative approach to digitally transform our clients back office and provide a variety of services to add value to their business, including: cfo and controller services, financial statement preparation and advisory services, technology solution deployment, accounts payable and accounts receivable services, reconciliations (e.g. bank, credit card), sales tax filing and management.
