

## NORTHERN CINCINNATI FOUNDATION HONORS 2025 PHILANTHROPISTS OF THE YEAR

CINCINNATI, OH – DECEMBER 10, 2025 – The Northern Cincinnati Foundation (NCF) is proud to announce the recipients of its 2025 Philanthropist of the Year Awards, celebrating individuals, families, and businesses whose generosity and partnership strengthen communities across the northern Cincinnati region.

### Patricia F. Alderson Philanthropist of the Year Award

**Rick and Linda Flynn** have been named the 2025 recipients of the Patricia F. Alderson Philanthropist of the Year Award. Named in honor of NCF's founder Patti Alderson, this award highlights individuals or families who have been long-time supporters of the Foundation and who demonstrate a deep commitment to giving back and making the community a better place.

Erin Satzger, President & CEO of NCF with recipient, Rick Flynn

Rick and Linda were among the original founding champions of the Northern Cincinnati Foundation through their family business Flynn and Company – now a part of UHY Advisors - and have remained steadfast in their support for more than two decades. Through their Donor Advised Fund, the Richard and Linda Flynn Family Charitable Fund at NCF, they are modeling what it means to give generously and intentionally.

“The Flynn family exemplify the spirit of the Patricia F. Alderson Philanthropist of the Year Award,” said Erin Satzger, president and CEO of the Northern Cincinnati Foundation. “Their generosity and decades-long dedication to NCF have advanced our mission and expanded the Foundation’s ability to impact the northern Cincinnati region.”

Serving on the Foundation’s Board of Directors, Rick generously donated his time and expertise to help steward the young organization through its early years.

“It is an honor to receive the Patricia F. Alderson Philanthropist of the Year Award,” said Flynn. “Patti’s vision established the Foundation, and we are grateful to have been part of its beginnings. Under Erin’s leadership, NCF has broadened its impact and strengthened its role in the community. Linda and I, and our family, are proud of all the Foundation has achieved and we look forward to its continued growth and success.”
